Inside The Build

Cabinet Construction Details

1 Solid Corner Blocks
Reinforces the cabinet box for long-term strength and stability

2 3/4" Solid Wood Dovetail Drawer
Interlocking joinery that resists separation over time

3 Soft-Close Glides
Smooth, quiet performance built for daily use

4 1/2" Plywood Sides
Stronger than particleboard and more resistant to moisture

5 3/4" Plywood Shelf
Supports heavier loads without bowing

6 Soft-Clost Adjustable Hinges
Precise alignment and quiet closure

7 Solid Wood Frame
Durable face frame construction for lasting support
